If the SCA approves the skill, the team must bring the approved question and the official answer to the competition. Before the competition, the Safety Judges will be informed about all approved questions so that they can take them into account when judging. If the Safety Judges give a deduction for a skill that was approved by the SCA, the team may show the approved question and answer when the coaches are called to the judges' table. If the approval applies to the situation, the deduction will be removed.
2. 1.9 Sportsmanship

1. All participants agree to conduct themselves in a manner displaying good sportsmanship throughout the competition with positive presentation upon entry and exit from the performance area as well as throughout the routine.
2. The advisor and coach of each team is responsible for seeing that team members, coaches, parents and other people affiliated with the team conduct themselves accordingly. Severe cases of unsportsmanlike conduct are grounds for disqualification.

 - For more information regarding ICU's sportsmanship policies, please see the following ICU sportsmanship guidelines video: <https://cheerunion.org/coaches-sportsmanship/>

1.10 Interruption of performance

A. Unforeseen circumstances

1. If, in the opinion of the competition officials, a team's routine is interrupted because of failure of the competition equipment, facilities, or other factors attributable to the competition rather than the team, the team affected should stop the routine.
2. The team will perform the routine again in its entirety, but will be evaluated only from the point where the interruption occurred. The degree and effect of the interruption will be determined by the competition officials.
3. If a team needs to re-perform a routine but fails to do the routine in its entirety, then this team will receive a score based on the lower-level performance.

B. Fault of Team

1. In the event a team's routine is interrupted because of failure of the team's own equipment, the team must either continue the routine or withdraw from the competition.
2. The competition officials will determine if the team will be allowed to perform at a later time. If decided by officials, the team will perform the routine again in its entirety, but will be evaluated only from the point where the interruption occurred.
3. If a team needs to re-perform a routine but fails to do the routine in its entirety, then this team will receive a score based on the lower-level performance.

C. Injury

1. The only ~~persons~~people that may stop a routine for injury are:

a) ~~a)~~ competition officials/judges,

b) ~~b)~~ the advisor/coach from the team performing or ~~c)~~

~~1-c)~~ an injured individual.

2. The competition officials/judges will determine if the team will be allowed to perform at a later time. If the competition officials allow a routine to be performed at a later time, the spot in the schedule where the re-performance is to take place is at the sole discretion of competition officials. The team may perform the routine again in its entirety, but will be evaluated ONLY from the point where the interruption occurred.
3. If a team needs to re-perform a routine but fails to do the routine in its entirety, then this team will receive a score based on the lower-level performance.
 - a. The injured participant that wishes to perform may not return to the competition floor unless:
 - The competition officials receive clearance from, first, the medical personnel attending to that participant, the parent (if present) AND THEN the head coach/advisor of the competing team.
 - If the medical personnel do not clear the participant, the participant can only return to the competition if a parent or legal guardian in attendance signs a return to participation waiver.
 - In the event of a suspected concussion, the participant cannot return to perform without clearance from a medical professional that has training related to head injuries, and waiting 24 hours, even with a waiver from a parent or legal guardian.

1.11 Interpretations and/or rulings

Any interpretation of any aspect of these Rules and Regulations or any decision involving any other aspect of the competition will be rendered by the Competition Rules Committee. The committee will render a judgment in an effort to ensure that the competition proceeds in a manner consistent with the general spirit and goals of the competition. If the interpretation needs to be made during an ongoing competition, it is made together by those committee members present and holding a function in the jury of the respective competition and the Head Judge.

1.12 Disqualification

Any team that does not adhere to the terms and procedures of these «Rules and Regulations» will be subject to disqualification from the competition, will automatically forfeit any right to any prizes or awards presented by the competition. The following behavior may, in any case, lead to disqualification:

- Assaults or insults to the judges, officials, participants, visitors
- Competing of a non-registered person
- Violation of age requirements
- Violation of the anti-doping-decree
- Unsportsmanlike conduct

1.13 Judging procedure

As the teams perform, a panel of judges will score the teams using a 100 point system. The team who receives the highest overall score from the jury in a category wins. If the panel consists of five or more judges, the highest score and the lowest score given for each team will be dropped and the remaining judges' scores will be totaled and then divided by the number of remaining judges to determine the overall team score. In the event of a tie of two or more teams, all teams take the same place. The respective number of following places will remain unfilled. In the event of a tie for the first, second or third place, the high and low score will be added back into the total score. If a tie remains, the ranking points from each judge will be used to break the tie.

1.14 Scores and Rankings

Individual score sheets are for the exclusive use of each particular judge. Each judge has the responsibility and authority to review and submit his or her final scores and rankings prior to the final tally of the scores for all teams. Scores and rankings will be available only to coaches at the conclusion of the competition. After the competition, teams will receive the judges' score sheets. In addition, teams will receive a ranking sheet with the name and score of the teams final placement.

1.15 Finality of Decisions

By participating in a SCA championship, each team agrees that judges' and competition officials' decisions are final and will not be subject for review. Each team acknowledges the necessity for the judges and competition officials' to make prompt and fair decisions in this competition and each team therefore expressly waives any legal, equitable, administrative or procedural review of such decisions. The only circumstance under which an objection may be raised is if, during the season, a skill was submitted for safety purposes and approved by the SCA, but was subsequently penalized by the safety judges at the competition (see Chapter 1.8).

1.16 Judges

1. The judging panel of a competition consists of a minimum of three (3) judging members who judge the team routines. Up to two (2) additional judges can be added (and another max. two (2) safety judges can be added. Their functions are to judge the shown routines and to apply eventual penalties.
2. The deductions will be deducted from the overall sum.
3. The choice of judges for the Swiss Cheerleading Championship is made by the Rules Committee of the SCA. For the Swiss National Championship there will be at least 5 judges per panel. There will be international head judges for each panel of the Swiss National championship.
4. Jury protocols are being made showing the decisions, special cases, and so on.
5. A list of all places and rankings will be made for the jury protocol, the presenter and the SCA.
6. The jury stays in a separate area, not open to the participants and coaches. For the award ceremony, the head judge has to be available for possible questions.

1.17 Penalties

A five (5) point penalty per judge whose individual score was added to the overall team's score will be assessed to any team violating any of the specific rules. This deduction does not apply to violations that are designated a lesser point value. Violation of a specific rule in more instances at the same time (ripples included) will be considered as just one violation of that specific rule and will result in just five (5) point penalty. If you have any questions concerning the legality of a move or skill, it is recommended to send a video to Swiss Cheerleading Rules committee (form under <https://www.swisscheer.ch/rules>). This must be submitted clearly labeled with Division, Team name, contact person name, telephone number and e-mail (see Chapter 1.8).

1.18 Participation in official international competitions

1. Only teams that have reached at least 75% of the points possible for the respective category in the qualifying Championship qualify for official international competitions. If a team wins a category but doesn't reach the 75%, the respective team can send a request to the SCA board, to be eligible to participate at international competitions.
2. For the European Cheerleading Championship (ECU), the winners of team categories in the Swiss Cheer Open qualify for the respective category at the ECU Championship (given that the category is provided at the ECU). If the first team does not participate, the teams following in the ranking may participate, given all of the requirements are fulfilled.
3. For the World Cheerleading Championship (ICU), ~~the first team of the Swiss Cheerleading Championship qualifies for the respective Cheerleading categories (given that the category is provided at the ICU World Cheerleading Championship). If the first team does not participate, the teams following in the ranking may participate. If the board of the SCA decides whether to send a National Team (selection of members from several teams, decided by tryout) to the ICU World Cheerleading Championship, this rule is not valid anymore.~~
4. The final clearance for official international competitions is made by the SCA in consultation with the responsible representatives of the clubs. Clubs who are not members of the SCA may not participate in official international competitions.
